CONNECTING YOUR BUSINESS TO THE TECHNOLOGY RESOURCES YOU NEED

PROJECT MANAGEMENT

ADRM TEC provides Project Management and Project Management Office (PMO) support to help its clients define and maintain standards to establish formal project management frameworks within their organization. ADRM TEC has provided subject matter experts for the implementation and operation of PMOs for some of the Crown's largest IT projects.

WEB SOLUTIONS

Since our inception ADRM TEC has been offering business, industry and government a whole range of flexible and scalable Web Services.

TECHNOLOGY INFRASTRUCTURE

ADRM TEC has been involved with all aspects of infrastructure support services including desktop and server management and support, network management, and technical assistance.

Founded in 2001 ADRM Technology Consulting Group provides IT Professional Services to Private and Public sector Clients in the National Capital Region. ADRM TEC provides Information Technology consulting services to customers who have a need to supplement their current staff levels on either a short-term or long-term contract basis. We have a growing pool of high caliber professionals covering a broad section of technology disciplines.

OUR STRENGTHS

- APPLICATION DEVELOPMENT
- PROJECT MANAGEMENT
- BUSINESS TRANSFORMATION
- .NET / OO DEVELOPMENT
- CLOUD COMPUTING
- BUSINESS ANALYSIS
- IT INFRASTRUCTURE
- QUALITY ASSURANCE
- BUSINESS INTELLIGENCE

ADRM TEC AT WORK FOR YOU

ACCESS TO A WIDE TALENT POOL OF TECHNOLOGY PROFESSIONALS

The traditional approach to recruitment often restricts the employer's choice of quality candidates because everyone searches in the same pool. ADRM TEC specializes in 'search and recruit' initiatives that set us apart from others in a demanding, fast-moving competitive marketplace.

ADRM·TEC

ADRM Technology Consulting Group Corp.

WHAT CAN YOU EXPECT:

- We work closely with clients to understand the real needs of a new appointment through a consultation process that involves preparing the job and resource specification.
 - Our recruiting efforts reach deep into our existing network, contact programs and specialized searches beyond our geographic area.
-
- All candidates are interviewed and screened to match the client's job specification, thus ensuring a high-quality shortlist.
 - All potential candidates are subject to a personal interview by ADRM TEC prior to a client interview.
 - References are mandatory and qualified prior to a client interview.

APPLICATION DEVELOPMENT AND MAINTENANCE

ADRM TEC provides professional services to numerous federal government departments in the integration, design, development and implementation of multi-tiered applications using a variety of technologies including Java/J2EE, Microsoft .NET Framework, SharePoint, SQL, DB2 and COBOL.

CLOUD COMPUTING

We can provide a full complement of both functional and technical Cloud Computing experts with experience in upgrades (planning through implementation), development, operational maintenance and training.

IT SECURITY

ADRM TEC resources have delivered comprehensive, enterprise-wide security assessment, design and deployment services to help clients build effective network security solutions. Expert consultants can show you how to implement network security best practices to reduce online threats to your critical business assets.

our Clients
